

Performance Testing

Date	30 September 2026
Team ID	SWTID-2026-3630
Project Name	ComicCraft - AI Comic Story Creator
Team Lead	Sivapragasam S
Team Members	Deepak P, Lucky J, Elanthirayan S
Maximum Marks	5 Marks

Performance Testing

The supplied project documentation describes local verification of AI generation, image creation, layout building, PDF export and frontend rendering.

Field	Details
Testing Tool Used	FastAPI / browser / API docs
Type of Testing	Functional workflow and local verification
Local Server	uvicorn app.main:app --reload
API Verification	/docs; /generate-comic/json; /generate; /export-success; /test-image
Scenario 1	Brave fox in an enchanted forest; verify outline, story, images, preview and export.
Scenario 2	Change tone to funny and art style to comic book; verify regeneration.
Export Test	Verify layout binding, FPDF creation, timestamped output and export success.
Error Handling	HTTPException and try-except blocks handle API and JSON failures.
