

Brainstorming & Idea Prioritization Template

Date 30 September 2026
Team ID SWTID-2026-3630
Project Name CraftComic - AI comic story creator
Maximum Marks 20

Step 1: Brainstorm and Idea Listing

Each team member lists out as many ideas as possible without judging them at this stage.

S.No	Team Member	Idea / Suggestion	Category	Group
1	Sivapragasam S	AI-assisted comic story generation from a short prompt	Core Feature	Story Creation
2	Deepak P	Character creator with reusable character profiles	Core Feature	Characters
3	Elanthirayan S	AI-generated comic panels with speech bubbles and captions	Core Feature	Comic Panels
4	Lucky J	Multiple art styles and customizable visual themes	UI / Design	Visual Style
5	Deepak P	Export completed comics as PDF or image	Utility	Export
6	Elanthirayan S	Story editor to revise scenes, dialogue, and panel order	Utility	Editing

Step 2: Idea Prioritization

Rate each grouped idea on feasibility and importance, then select the final idea(s) to move forward with.

Group	Final Idea	Feasibility (High/Medium/Low)	Importance (High/Medium/Low)	Priority Selected (Yes/No)
1	AI comic story generation from prompts	High	High	Yes
2	AI comic panel, character and dialogue generation	Medium	High	Yes
3	Editing and export for completed comics	High	Medium	Yes

Team Leader: Sivapragasam S
Team Members: Deepak P, Elanthirayan S, Lucky J
