Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS · I want to turn my story idea into a comic. · I need help creating characters and panels. · I want the final comic to look creative and polished.	THINKS · Can AI keep my characters consistent? · Will the generated story match my idea? · Can I edit the comic before sharing it?
PERSONA NAME <i>Aspiring Comic Creator</i> <i>(Role / User Type)</i>	
DOES · Writes or imagines a story concept. · Experiments with characters, scenes, and dialogue. · Revises and shares the finished comic.	FEELS · Excited to see the idea become visual. · Frustrated by time and drawing limitations. · Satisfied when the comic feels complete.
